store the guns and ammo in separate areas in the vehicle. In addition, NICHOLS mentioned they brought ten round magazines and they never brought the guns into Washington, DC. NICHOLS also acknowledged he brought a plate carrier and other items to the rally because he wanted to be prepared if something bad were to happen. *Antifa.*

After arriving in Virginia, NICHOLS and HARKRIDER saw an RSVP invitation for the rally that was occurring at the Ellipse on 01/06/2021. So, NICHOLS and HARKRIDER decided to take an UBER <sup>← guns weren't there.</sup> into Washington, D.C. to see where the Ellipse was located and also see the monuments in the city (Writers Note: NICHOLS stated that over the course of the trip they used the UBER accounts belonging to himself or HARKRIDER). When they arrived in Washington, D.C. they walked around with other people in vicinity of the White House. NICHOLS stated he followed a group of people that walked to the back of the White House. There he observed what appeared to be a BLM protest and was there for approximately 1-2 hours. NICHOLS stated this was the first protest he had ever seen and was recording it on his Go Pro camera and streaming on Facebook Live (Writers Note: NICHOLS stated he recorded on 01/05/2021 and 01/06/2021). NICHOLS thought the recording would show to others what occurred. NICHOLS said he was quiet initially at the BLM protest, until he saw an officer escort a BLM member. At that time people surrounded the group and they began antagonizing each other. As a result the crowd became increasingly hostile. NICHOLS noted he made some disparaging comments, but never made any physical contact with law enforcement.

Prior to coming to Washington, D.C., NICHOLS stated he had never been to a protest. Like many others, NICHOLS believed the election was stolen and wanted to compel Vice President Michael Pence to not certify the election. NICHOLS further explained the protest was peaceful for approximately 30-45 minutes, but once they moved towards the U.S. Capitol that it got violent. He recalled a specific instance of an older unidentified lady getting hit by law enforcement. NICHOLS stated the crowd got more violent and he remembered walking up the stairs of the U.S. Capitol and being on the stage. Additionally, he recalled that there were explosions and what he thought was pepper spray being utilized. NICHOLS said he did not initially realize that this action was taken by police officers to hold back the crowd. Also, NICHOLS said he was sprayed by what appeared to be pepper

spray around this timeframe He explained that this upset him and in retaliation he sprayed an unidentified canister of what appeared to be a pepper spray in the direction of law enforcement officers (Writers Note: NICHOLS stated that there was a canister being passed around in the crowd of what appeared to be pepper spray. When it was passed to him, NICHOLS sprayed it and then passed it on). Shortly after, NICHOLS stated that he wanted to get inside the U.S. Capitol and that he went through a window. He noted he was in the U.S. Capitol for approximately 10-15 minutes. NICHOLS also admitted to speaking on a bullhorn for a few minutes and having a microphone put in his face. Around this time is when NICHOLS took out the crowbar that he brought as a prop. He stressed that he did not use it in an offensive/defensive manner while he was at the U.S. Capitol.

NICHOLS stated that he also observed a uniformed officer being drug outside of the U.S. Capitol on the stairs. He was approximately 5-10 feet away from the officer while he was curled up on the stairs. NICHOLS stated he overheard someone say "take his gun and kill him." NICHOLS along with others attempted to assist the officer and curtail the violent crowd.

When asked if he destroyed evidence, NICHOLS stated he had deleted Facebook and pictures from inside the U.S. Capitol. He also said he deleted a Veterans group he was on with HARKRIDER. NICHOLS explained he was paranoid because numerous people were getting arrested for their participation in the U.S. Capitol riots and his family were receiving threats because people knew that he was at the U.S. Capitol. NICHOLS also noted that he had burned the clothes he was wearing and returned a the plate carrier he had worn to TREY WOLF.

NICHOLS was also asked what communications devices he used. He acknowledged he used Telegram and Signal applications. NICHOLS further noted he was on a Zello group he had some conversation on. NICHOLS said he and HARKRIDER also had Garmin two-way handheld radios while they were in Washington, D.C. NICHOLS was also asked if he was in contact with any organization that was involved in the riots that occurred on 01/06/2021. He stated he was not part of any organization.

NICHOLS acknowledged what he did was wrong. He stated he regretted going to Washington, D.C. and wished he had not gone. He further stated he no longer trusted the president or other prominent legal leaders because he

felt they had led him in the wrong direction. Furthermore, he stated he had no intent to go into the U.S. Capitol, but got caught up in the moment as the situation became more volatile. He also noted while in the U.S. Capitol he realized he had made an error in judgement which prompted him to leave. This was reinforced by a call HARKRIDER received from his father stating someone had been shot in the U.S. Capitol. NICHOLS noted he and HARKRIDER did not damage or destroy anything. However, he did state they blocked a door with a table and that HARKRIDER took a table leg as a souvenir.

The interview ended at approximately 1115 hours. NICHOLS was provided opportunities for bathroom breaks, given food and water, and the opportunity to confer with his attorneys. NICHOLS was returned to Washington, D.C. jail at approximately 1234 hours. A copy of all notes, and associated documents can be found in the 1A of this document.
